

**Cooking is so important!**

Good cooking helps the health and happiness of your family. Surely you should have a range that will enable you to do your best cooking. "Majestic" makes good cooking easy. It is not just "so much metal put together to hold fire," each part is scientifically built to do its work just right. Made of malleable and charcoal iron, metals that resist rust and wear three times as long as ordinary range metals. All joints cold-riveted for putty proof—a Majestic stays tight—holds the heat in, maintaining uniform baking heat with least fuel. The Majestic provides perfect baking qualities, plus fuel-saving and work-saving features that you cannot get in ordinary ranges. The little extra it costs is more than repaid by the years longer wear that it gives. The health and happiness of your whole family is effected by the range you buy. Investigate thoroughly. Before you buy any range, come to our store and see the Majestic—we know you will want a Majestic when you see its advantages.

**More and hotter water!**

Majestic water heating front is fitted with eight hollow pins that extend right into the fire, giving greatest water-heating surface of any range. Makes more water much quicker and hotter than ordinary water front.

**Great Majestic**  
Malleable and Charcoal Iron Range

#### New Tuberculosis Officer.

The placing of C. L. M. Maus at the head of the Kentucky Tuberculosis association, is a significant step. He is a retired member of the United States medical corps and has had valued experience in Manila and also in this country. Roy L. French, whom he succeeds, was by no means deficient in zeal, but the wider experience of Col. Maus will give the commission greater influence and that is what it needs. Too many careless people in the state pay no attention to its literature and to its lectures and demonstrations. The people need badly to be aroused to the importance of all this anti-tuberculosis work. In the matter of a disease so plainly communicable from the affected to the health there is no complete safety for the most careful, while there are so many so careless as now. The prudence and caution which this association is constantly arousing will do great good and stop the thousands of unnecessary deaths and prevent the contamination of many by the slow-death victims now in the state.—Owensboro Messenger.

#### Tax For Free Rides.

Judge Moss, of Warren, handed down his decision in Circuit Court concerning the validity of the election held in Woodburn some time ago for an additional tax of 25 cents or each \$100 to provide conveyance to carry school children to and from school.—Bawling Green News.

"Gentlemen are requested not to comb their beards at table" is the notice posted in a hotel in Switzerland.

#### Vacation.

Same old ten days,  
Same old train,  
Same old country,  
Same old rain.  
Same old farmhouse,  
Same old trunk,  
Same old back room,  
Same old bunk.  
Same old brooklet,  
Same old trees,  
Same old fishes,  
Same old fleas.  
Same old tackle,  
Same old flies,  
Same old bottle,  
Same old lies.  
—Yonkers Statesman.

#### Mayor For a Day.

Los Angeles, Sept. 13.—Miss Estelle Lawton Lindsay, the city's lone Councilwoman, was acting Mayor of the city Thursday. Mayor Sebastian having been called out of town for the day. This is the first time, as far as known, that a woman has acted as the head of a municipality of the size of Los Angeles.

#### Not Bluffed.

Gov. Johnson, of California, said violence and sabotage had been threatened unless he pardoned two I. W. W. members, but that he would listen to no appeal for clemency under threats.

W. H. Flemings, near Quitman, Ark. will can 5,000 cans of tomatoes, 1,000 cans of beans and 500 cans of sweet potatoes this year. His farm will produce all of the stuff canned.

## SUES THE I. C. RAILROAD

**Alleges Trunk of Samples Failed to Show Up and Plaintiff Missed Sales.**

Mack Baber sues the Illinois Central railroad company for \$100, alleging that he was damaged to that extent by failure of defendant to promptly deliver a trunk of samples to him at Sturgis last November. He states that when he left here he checked his trunk and that he did not get in possession of it for ten days thereafter, and in consequence he was prevented from making several sales.

#### BACK BROKEN

**Terrible Injury To a Hopkinsville Boy at Lexington.**

Mrs. L. McF. Blakemore was called to Lexington, Ky., Saturday where her son, Page Blakemore, is in St. Joseph's Hospital severely injured from an accident in a mine near Somerset, in which he was an engineer. A coal slide caught him and crushed him so badly that one of the bones of his back was broken, but the spinal cord was not severed. His condition was very critical but at last accounts was not hopeless.

#### EDWIN C. WAIDE

**Who Died In Louisville Bored at Cadiz Sunday.**

The body of Edwin C. Waide, who died in Louisville Saturday, after swallowing Paris green, arrived here Sunday morning and was taken to Cadiz for interment. The pallbearers were J. T. Wall, C. R. Clark, C. H. Bush, B. D. Hill, W. J. Chiles and L. H. Davis. Mr. Waide was a nephew of Mrs. W. R. Howell, of this city, and was at one time an attorney of the Hopkinsville bar. Recently he had been with Col. Howell on his farm near Caledonia. He went to Louisville a few days ago and was taken ill at the Victoria Hotel and died in a local hospital at noon Saturday. He was 42 years old.

#### Janitor Executed.

Sacramento, Cal., Sept. 13.—David Fountain, a negro janitor, was hanged at Folsom prison Friday for the murder of 9-year-old Margaret Milling in the basement of German Lutheran church here on Dec. 5, 1914.

#### Spy Executed at London.

London, Sept. 13.—Official announcement has been made that a spy was executed here today. The name of the person executed was not given.

#### Ranks High.

The Government, after testing the natural gas in twenty-five cities, praises the heat-producing power of that in Louisville, which stands fifth among the places visited.

#### Burned To Death.

Mrs. Philip Rhineland, a New York woman, died from burns caused when an alcohol lamp exploded in her summer home.

#### Change For Better

B. J. Matthews, formerly of this city, who is very ill at Lexington, is reported better, with a prospect for recovery.

#### Thos. J. McReynolds III.

Born to Mr. and Mrs. Ben O. McReynolds, Saturday morning, a son—Thomas J. McReynolds III.

#### Brick Work Begun.

Dalton Bros. Brick Co., who have the contract for the brick work for the Dorris warehouse, have commenced work and will push same to completion as soon as possible.

#### Died For Love.

Ella Bush, a trained nurse, committed suicide in Lexington by taking carbolic acid. She left a note addressed to a business man declaring that the fact he had ceased to love her drove her to suicide.

To keep its tracks clean a German street railway is using a vacuum cleaner operated by the motor of the car that carries it.

## DIRECT SHIPMENT

**From Hopkinsville To Rotterdam, Holland.**

Forty hogheads of lugs was last week shipped direct to a firm in Rotterdam, Holland, as a direct result of L. B. Cornette's trip abroad last Spring. The same buyer has asked for another shipment of samples. The tobacco will go to Genoa, Italy and thence to Rotterdam. It is consigned to the Netherlands Overseas Trust, which insures its delivery. The freight and insurance prepaid was more than \$1,200.

## RESOLUTIONS.

Whereas, the Grand Exalted Ruler of the Universe has seen fit, in His infinite wisdom, to remove from our midst, our brother and co-worker, T. J. Tate, and

Whereas, Brother Tate was one of the most enthusiastic charter members of Hopkinsville Lodge No. 545, Benevolent and Protective Order of Elks being elected Esteemed Lecturing Knight on the 31st of March, 1903, and being elected through each of the various chairs and until March, 1906, when he was elected Exalted Ruler, serving and filling each chair with untiring fidelity, unflinching brotherly love, charity sweetened with unostentation and the true justice of the order which "writes the faults of its brothers upon the sands and their virtues upon the tablets of love and memory," and

Whereas, he further served his lodge as representative at the meeting of the Grand Lodge at Philadelphia in the year 1907, and was elected Trustee of his lodge in 1910, and continued as such officer until March 5th, 1912, at which time he was compelled to resign on account of failing health, and at which time he was unanimously elected a life member of his lodge in grateful appreciation of his constant and efficient services as a member and officer extending through the life of our organization; and

Whereas, the city of Hopkinsville in his death has lost one of its most able financiers, he at all times being progressive and having the best interest of his home city at heart, his word being recognized as authority on all business questions, and

Whereas, each of us feels we have lost a friend, tried and true, through the varying vicissitudes and mutations of life, and that his family has lost a husband and father exemplifying the purest sympathy, and the truest love.

Now therefore, Be it resolved, by Hopkinsville Lodge, No. 545, of the Benevolent and Protective Order of Elks:

First—That we have lost one of our most useful members and capable officers, and each member a loyal and true friend, and that the city of Hopkinsville has lost one of its ablest and most progressive business men.

Second—That we extend our most profound sympathy to the family and loved ones of Brother Tate, calling their attention to the fact that he did his work well in this life, and has left all who knew him as his friend, each of whom sympathizes with them in their sorrow.

Third—That a copy of these resolutions be spread upon the permanent records of the lodge, and that a copy be furnished the local papers for publication and that a copy be presented to the family, as a testimonial of our love and friendship in their hour of bereavement.

Done this 9th day of September, 1915.

H. E. BROWN,  
W. R. WICKS,  
R. A. COOK,  
Committee.

#### All-Summer Raspberries.

Mr. O. Keach has growing in his garden a variety of red raspberries that is still in full bearing. A branch brought to this office contained ripe berries, green ones of various sizes and blossoms. He says it was sold to him with the guaranty that it would produce berries from June till October and that the vines are "making good."

#### Ice Cream Supper.

There will be an Ice Cream Supper at West Brook school on next Friday night the 17th, on Palmyra road. For benefit of the school.

#### Circus Item.

San Brothers' Show is billed for Marion Sept. 24.

## DRIVE OUT TWENTY-FIVE BLIND TIGERS

**Led by Ministers, the Citizens of Hickman, Ky., Force Liquor Sellers to Leave.**

Hickman, Ky., Sept. 13.—Business was suspended here Friday while regulators, led by ministers and some of the more prominent citizens of Hickman, visited twenty-five alleged blind tigers and forced their proprietors and employees to leave town.

This action followed a triple tragedy Friday night when Claude Johnson shot to death William Collins, a youth, and W. A. Naylor, a deputy sheriff, and himself was killed by a crowd of men and boys. Collins had testified he bought whiskey from Johnson. No arrests were made by the visiting committees but many gallons of liquor were confiscated and poured into the streets. No efforts were made to resist the action of the regulators.

## AUGUST CROP REPORT.

(Issued Sept. 10, 1915).

The crop season for 1915 is fast drawing to a close and it has been throughout very unusual. There have been more rainy days and cold, damp, soggy weather than any season of which this Department has a record. Crops have been damaged from the excessive moisture and by wind storms. The two largest money crops in Kentucky are corn and tobacco. Both of these have grown without proper cultivation, and in general have been damaged by rain and wind, and no one can accurately predict just what the final yields and quality of either of these crops will be.

The reports to this office show the condition of corn to be 92 per cent, which is above the average. Many reports, however, state that much of the corn will be damaged when the harvesting time comes as the result of being so badly blown. The Burley tobacco condition is given at 78.5 per cent, that of dark tobacco at 81. Tobacco is being rapidly housed, and warm, clear weather is needed for properly curing it in the barns. The hemp crop is greatly improved and the condition is given at 94 per cent. Very large crops of cow peas and soy beans have been planted, and their condition is given at 87 and 88 respectively. Garden conditions remain good at 92. Pastures are in splendid condition. Bluegrass is given a condition of 95 per cent, clover 92, alfalfa 91 and orchard grass 88. Fruit is only in fair condition—apples 82 per cent, grapes 81, peaches 74 and peaches 71. Much complaint of fruit trees breaking under their heavy load as a result of the storms has been made. Live stock is doing well—horses are given a condition of 94 per cent, cattle 95, sheep 93 and hogs 92. Cholera exists at several points in the state, and black leg at a few. Poultry is suffering as a result of the continued wet weather. There is not more than 80 per cent of a turkey crop.

Kentuckians have never known a season that illustrates the value of the silo more than the present one.

Fortunate indeed is the farmer, who is able to put his uncured alfalfa or clover in a silo during these rains, or who will be able to take care of his corn after it is blown to the ground. Many farmers report that the silo is the salvation of their crops this year. As predicted in the last crop report, the indications are that the farmers will not have a record breaking year in any line, but will have a large supply of forage crops for the winter with a reasonably good corn and tobacco crop. With pastures furnishing food in abundance for the fall, the live stock should go into the winter in a healthy, splendid condition. Taken as a whole the prospects for the year are above the average.

J. W. NEWMAN,  
Commissioner of Agriculture.

#### Negro Revivalist Cut.

Paris, Ky., Sept. 13.—The Rev. R. Quarles, a colored preacher, widely known throughout Central Kentucky for his eccentric sermons, more especially that upon the subject of the "Prodigal Son," was severely slashed with a razor on an interurban car returning from Lexington. No arrests have been made.

## Style Means Good Taste

The worth of a garment is not measured by its cost, but rather by its fitness for the time—the place—the occasion and the person. The best time to order garments is now. Every day brings an occasion to wear them.

## BOMBS FALL IN LONDON.

In their latest Zeppelin raid over England the Germans apparently at last have struck at the heart of London. That inference may be drawn plainly from various cable dispatches that have passed the censor that the German aeronauts dropped bombs on the old city of London proper, in the region which contains the hotels, business district and landmarks famous the world over. In this district there are normally thousands of American tourists at this time of the year, although their number is far below the average this summer.

The German Zeppelins have aimed repeatedly at London. They previously have dropped bombs within the metropolitan district, but so far as is known, no earlier attempt produced the effects of Wednesday night's raid. In this connection it is significant that the British press bureau, announcing the result of the attack, confined itself to an account of the casualties, making no reference to property damage, as in earlier announcements. The German war office was almost as reticent, saying that bombs were dropped on docks and other port establishments, and that "the effects were very satisfactory."

It is apparent that London is deeply stirred. It may be inferred that the bombardment was of so serious a nature as to arouse fears on the part of Americans in London that friends in this country would be alarmed for their safety. The censor passed a dispatch saying there were no Americans among the dead or wounded.

Berlin issued the following report: "Our naval airships attacked during the night of September 8-9 with good results, the western part of the city of London, the great factories near Norwich and the harbor works and Iron Works at Middleboro. There were heavy explosions and numerous fires were observed. Our airships were heavily fired at by hostile batteries, but all returned safely."

#### Horseman Stabbed.

H. E. Armstrong, a racehorse owner, of Pleasanton, Cal., is in a serious condition at a local hospital, suffering from wounds inflicted Sunday morning by a negro robber who assaulted him near the unloading tracks at the State Fairgrounds.

West Virginia broke all previous records for coal production last year with an output of 71,707,626 short tons.

## ANNOUNCEMENT

The following prices f. o. b., Detroit, effective Aug. 2, 1915.

Ford Runabout	\$390.00
